The search for the cause of atherosclerosis is consuming large amounts of resources of both money and research talent. As yet, the cause remains unknown. Much of the research effort into atherosclerosis has been concerned with lipid metabolism. This is based on the knowledge that abnormalities of certain lipids and lipoproteins predispose to cardiovascular disease. Often the research has not
Estrogen, Testosterone May Affect Atherosclerosis - 11/11/2008

Estrogen, Testosterone May Affect Atherosclerosis.

Doctors may eventually check sex hormones to assess heart disease risk, researcher says. Release Date: November 11, 2008 . November 11, 2008- Naturally produced sex hormones may influence the risk and progression of atherosclerosis, or hardening of the arteries, Johns Hopkins researchers report in a recent study. The findings may help explain

Hormones and Atherosclerosis - ScienceDirect

This chapter discusses the hormones and atherosclerosis. Before attempting to review the relationships between hormones and atherosclerosis, it seems appropriate to delineate a few of the limitations and definitions.

Atherosclerosis is a degenerative disease which has been defined as a variable combination of changes of the intima of arteries consisting of the focal accumulation of lipids

Hormones And Atherosclerosis | Download eBook PDF/EPUB
