PHP sent emails have =0A=0A instead of new lines - Stack ...

For some time now I've had the problem of some of my users getting =0A=0A instead of new lines in emails I send to them via PHP. Correspondence via email client works well, but PHP generated emails always look like this with some users (a minority).

When you load an existing backup, you can temporarily view data and run reports without affecting your latest information. The menu bar displays in red so you know you're viewing the archive. The menu bar displays in red so you know you're viewing the archive.

**Thompson Center Hawken Rifle - RUclip**

+hrfunk I don't know how to upload a picture to RUclip. I looked at the rifle today. I now think the percussion lock is original not a conversion. A gunsmith back in 1970 told my dad it was a conversion.
