**Fin de NAIL: New Approaches to International Law
and its ...**

Intellectual clashes over the nature of international law have been raging throughout the traceable history of the discipline. Naturalists, positivists, idealists, pragmatists, formalists, realists, and so forth, have striven to put forward and defend credible paradigms of international legal order. The common characteristic of each new wave of criticism has been its unsettling disposition. It arrived stridently with questions and doubts, often seeking reform and often reconceptualization.

**Critical International Legal Theory : International
Law - of**

Show Summary Details Preview. Although most writings on public international law (PIL) possess an esprit critique, what distinguishes critical international legal theory (CIL.T) is a sense that the failings in the project are not marginal or exceptional, but endemic, consistent, and structural.
