Wrinkle reduction. One of the top reasons that consumers turn to cosmetic procedures is because they want to look as young as they feel or because they want to look better for their age, according to a recent survey by the American Society for Dermatologic Surgery (ASDS).

The optical model and inelastic scattering - ScienceDirect

This success lends support to the basic correctness of this concept, and to the validity of the "multiple scattering approximation" which is used in these calculations. It is important to observe that the agreement thus obtained does not imply that the nucleon-nucleon direct-interaction is necessarily the most appropriate for any particular reaction. The sum of the nucleon-nucleon interactions
